REVIEW OF THE WORK TRANSACTED BY THE SEVENTH TAMIL NADU LEGISLATIVE ASSEMBLY

1980-84

CHAPTER I

THE STATE LEGISLATURE-ORIGIN AND EVOLUTION

When on the last day of 1600 Queen Elizebeth signed the Charter of the East India Company, no one in his wildest dreams could have imagined that she was laying the foundation for the acquisition of a mighty Empire. The constitutional doctrine that all acquisitions of sovereignty by a subject are and can be behalf of the Crown, has ever been part of the law of England and when after the battle of Plessey, the East India Company found themselves in possession of an Empire, though nominally as delegates of the Moghul Emperor, Parliament intervened with the Regulating Act. The Act of 1784 which followed established a dual system of control by the Company and a Parliamentary Board which survived till the direct assumption of Sovereignty by the Crown of England in 1858. To start with, the Presidencies were independent of each other, but the Regulating Act termed the Governor of Bengal as the Governor-General of Bengal and made him the Supreme Head of all the Presidencies. At the same time, the legislative power in the Presidencies was recognized. This state of things was however discontinued by Charter Act of 1833 which concentrated all legislative powers in the Governor-General in Council and deprived the local Governments of their power of independent legislation. The grave inconveniences resulting from such a system led to its reversal in the Indian Councils Act, 1u861. From then on wards, the power of the Provincial Legislatures has always been on the increase and under the Government of India Act, 1935, the provinces became co-equal in the Federal system. This can be considered as the culmination of the process started in 1861.

The various developments can be briefly traced from the Charter Act of 1833. This Act for the first time provided the addition of a fourth member to the Governor-General in Council for the sole purpose of legislation. He was to be known as the Law Member. Neither his presence nor his concurrence was necessary for the passage of any Law. Act extinguished the independent legislative powers of the Governors-in-Council of Madras and other Presidencies and vested legislative powers solely in the Governor-General-in-Council. The laws passed by the Government of India were to be called Acts. Before 1833, the enactments of Bombay, Madras and Bengal were known as regulations. The presidency Governments, as they were

then called, were authorized merely to submit drafts or projects of any laws regulations deemed expedient or necessary to the Governor-General-in-Council.

The Charter Act of 1833, which marked the next stage in the evolution of the legislatures, made the Law Member of the Governor General-in-Council, a full member. In all the Legislative Council in its legislative capacity consisted of 12 Members. Those were the Governor-General, commander-in-chief, four council Members and six Legislative Members. Out of these six members four were representatives of the provinces and the other two were the Chief Justice of the Supreme Court of Calcutta and a puisne judge. From 1833 to 1861, the Governor-General-in-Council was the sole administrative as well the legislative authority.

The Indian Councils Act of 1861 constituted a great land mark in the growth and development of the legislatures. The Act for the first time associated with the Governor-General's Executive Council, a small number of additional numbers half of them being nonofficials, a provided for the addition of not less than six and not more than 12 nominated members to the Governor-general's Council and the functions of the New legislative Council were limited wholly to legislation. The act also restored the legislative powers of the Council of the Governor of Madras which was enlarged for legislative purposes by the addition of the Advocate-General and of four to eight members nominated by the Governor. The consent of the Governor and the Governor-General was made necessary for all legislation passed or amended by the Governor of Madras and Bombay. The Act6 thus sowed the seed for the future legislature as an independent entity separate from the Executive Council. Legislative Councils so established were however mere advisory Committees by means of which Government obtained advice and assistance in their work of legislation and the public derived the advantage of full publicity being ensured at every stage of the legislative process. The Councils were not deliberative bodies with respect to any subject but that of the immediate legislation before them.

The next milestone in the evolution of the legislatures was reached when the Indian Councils Act of 1892 was passed by which the number of additional members of the Central legislature was increased but it was not to be less than ten and not more than sixteen in the case of the Supreme Council and not less than eight and not more than twenty in the case of Madras. Tow-fifths of the additional members were to be officials. Non Official Members were recommended by the district boards, universities, municipalities and other associations. This Act enlarged the functions of the council in two respects, namely, the council could

discuss the annual financial statement and ask questions subject to certain limitations. Members were to hold office for two years.

The seed sown by the Act of 1861 was quickened into life by the Act of 1909, popularly known as Minto-Morley Reforms. The Act still further enlarged the legislative Council both of the Governor-General and of the Provinces. It introduced for the first time the method of election though not yet direct election, and thus helped to quicken into life the seed of representative institutions. It dispensed with officials majorities in the Provincial legislative Councils and gave them power to move resolutions upon matters of general public interest and also upon the budget and to ask supplementary questions. The additional members of the Governor-General council were increased from 16 to a maximum of 60 and those of the Madras Council from 20 to a maximum of 50. Thus the Act carried constitutional development a step further. The Madras legislative Council consisted of 21 officials and 16 non-officials. The ex-Officio members were Governor, Advocate-General and 3 members of the Executive Council. 16 Officials were nominated by the Governor. Out of 26 non-officials 5 were nominated and only 21 were elected.

The Government of India Act of 1919, which embodied the Montagu-Chelmsford Reforms is but the natural and inevitable sequel to the long chapter of previous Parliamentary legislation on the introduction of Representative of the people.

In the Centre however the principle of responsible Government was not introduced. The Central legislature thereafter called the Indian Legislature was reconstituted on enlarged and more representative character. This Act set up a bicameral legislature at the Centre. They State. The Council of State composed of sixty members of whom 33 members were elected and 27 were nominated by the Governor-General and the legislative Assembly composed of about 145 members, of whom about 103 were elected and the rest nominated. Of the nominated members about 25 were officials and the rest non-officials. The powers of both the Chambers of the Indian Legislature were identical except that the power to vote supply was granted only to the legislative assembly.

For the Madras Presidency the number of Elected members was 98, number of nominated non-official member of elected members was 98, number of nominated non-official members was 10 and the number of members of Executive Council (Ex. Officio) and

maximum number of nominated officials was 19. The most important feature of the Act was the introduction of the system of diarchy in the Provinces. Subject were classified as Central and Provincial and in regard to Provincial matters a further division was made into "transferred subjects" administered by the Governor and his ministers responsible to the legislative Council and "reserved subjects" administered by the Governor and his Execute Council. The Governo9r could override both the Ministers of the Provincial legislative Council was raised to over 70 per cent. The legislative power of the Council extended to Provincial matters only. Everyway of the Provincial legislature for its validity required the assent of Governor-General as well as the Governor.

The first independent legislative body known as the Madras legislative Council was set up in 1921. It met for the first time on the 8th January, 1921 at Fort St. George, Madras. The Council was inaugurated by the Duke of Connaught, on 12th January, 1921 on the request made by the Governor Lord Wellington. The Governor addressed the Council on 14th February 1921. The duration of the Council was for three years. The second and third councils under this Act were constituted after general elections were held in1923 and 1926 respectively. The Forth legislative Council met for the first time on the 6th November, 1930 after the general elections held during that year and its life was extended from time to time and it lasted till the provincial autonomy under the Government of India Act, 1935 came into operation.

The following were the Chairmen from 1920to 1937

1. Thiru P. Rajagopala Achariyar	 	1920-23
2. Thiru L.D. Swamikkannu Pillai	 	1924-25
3. Prof. M. Ruthnasamy	 	1925-26
4. Thiru C.V.S. Narasimha Raju	 	1926-30
5. Thiru B. Ramachandra Reddy	 	1930-37

The Government of India Act, 1935, marked the next great stride in the evolution of the legislatures. The act provided for an All-India Federation and the constituent units of the Federation were to be the Governor's Provinces and the Indian States. The accession of the State to the Federation was optional. The Federal legislature was to consist of two Houses, the House of assembly called the Federal Assembly and the Council of States. The Federal Assembly was to consist of 375 members, 125 being representatives of the Indian States, nominated by the Rulers. The representatives of the Governor's provinces were to be elected not directly but indirectly by the Provincial Assemblies. The term of the Assembly was fixed as five years. The Council of State was to be a permanent body not subject to dissolution, but

one-third of the members should retire every three years. It was to consist of 260 members. 104 representatives of Indian States six to be nominated by the Governor-General, 128 to be directly elected by territorial communal constituencies and 22 to be set apart for smaller minorities, women and depressed classes. The two Houses had in general equal powers but demands for supply votes and financial Bills we5re to originate in the Assembly.

The Act established a bi-cameral legislature in the Province of Madras as it was then called and provided for responsible Government subject to two limitations namely (1) special responsibilities were given to the Governor in regard to certain matters such as Finance and (2) certain matters were placed entirely outside ministerial control and within the absolute discretion of the Governor.

The State legislature consisted of the Governor and the two Chambers called the Provincial legislative Council and the Provincial Legislative Assembly. The Legislative Council was a permanent body not subject to dissolution but as nearly as one third of the members thereon retired every three years. It consisted of not less than 54 and not more than 56 members Composed of 35 General Seats, 7 Mohammedan States, 1 European seat, 3 Indian Christian seats and not less than 8 and not more than 10 nominated by the Governor. The legislative Assembly consisted of 215members of which, 146 were elected from general seats of which 30 seats were reserved for Scheduled Castes. The number of seats to be filled by persons chosen to represent various electorates are, 1 for Backward areas and tribes, 28 for Mohammedans. 2 for Anglo Indians, 3 for Europeans, 8for Indian Christians, 6 for representatives of Commerce and Industry, etc., 6 for Landholders, 1 for University, 6 for representatives of labour and 8 for Women of which, 6 were general.

The Act made a division of powers between the Centre and the Provinces. Certain subjects were exclusively assigned to the Central or Federal Legislature, other to the Provincial legislatures and in regard to another filed, the two had concurrent powers.

Although the Government of Indian Act was passed in 1935, only that part relating to the Provinces came into operation in 1937. No attempt was made to enforce the Federal part of the Act. Though Congress got the majority in six provinces it refused to shoulder the responsibility unless the Governors gave an assurance that they would not be interfering with the day-to-day administration. Ultimately the Governor-General of India gave such an assurance and the popular Ministries came into power. These Ministries remained in power for

about two years. Thiru Bulusu Sambamurthy was the speaker of the Madras Legislative Assembly during that period. When the World-war II broke out in September, 1939, the British Government unilaterally declared India a belligerent country without consulting the people. As the British Government refused to give the necessary assurance demanded by the Congress, these Ministries had to resign and they accordingly resigned in October 1939. After the termination of the World-War II and after prolonged negotiations, the British transferred power under Lord Mount Batten Plan and the Indian Independence Bill was presented to the British Parliament on July 4th and was passed by Parliament on July18, 1947 and the transfer. Or power took place on 14/15 August 1947.

The Indian Independence Act, 1947, constituted the culmination of the origin and growth of the Indian Legislatures from modest expansions of the origin and growth of the Indian Legislatures from modest expansions of the Executive Councils of the Governor-General and the Governors in the Provinces into separate sovereign legislative bodies. Thiru J. Sivashanmugam Pillai was elected as Speaker during this period. The Act created two independent Paramountcy of the British Crown lapsed and the power of the British Parliament to legislate for India ceased. The federal Legislature of India became sovereign and the power of the Legislature became exercisable by the Constituent Assembly which was not subject to any limitation whatsoever. Until the new Constitution was framed, the Government of India Act of 1935, subject to certain adaptations and modifications was to remain the Constitutional Law of India. The Constitution of India came into force with effect from the 26th January 1950.

It has an area of 130.069 square kilometers with an estimated population of 4,82,97,456. It consists of eighteen districts.

During the period under Review, two cases of disqualification had arisen, the details of which are given below:-

- 1. The Governor of Tamil Nadu in exercise of the powers conferred by clause (1) of Articles 192 of the Constitution of India and in accordance with the opinion of the Election Commission set out in the Appendix thereto has decided on the question referred to him that Thiru K.S.G.Haja Shareef, elected to the Tamil Nadu Legislative Assembly from Triplicane Constituency has by his holding the Office of the Honorable consul of Turkey at Madras, become subject to the disqualification specified in Articles 191(1) (d) of the Constitution of India, and orders were accordingly issued in G.O. The High Court of Madras in its order dated 12th November 1981 had modified its earlier order to the effect that though the petitioner can attend the Legislative Assembly, he will not craw the salary for the period subsequent to the date of the impungedorder. The Governor's Order disqualifying Thiru K.S.G. Haja Shareef as a Member of the Assembly was upheld by the High Court of Madras in its order dated 29th November 1983. On an appeal filed by Thiru K.S.G. Haja Shareef, the Supreme Court further stayed the operation of G.O. Ms. No. 2026, Public (Elections-III), dated 10th November 1981, issued by the Governor of Tamil Nadu, Subject to the condition that though the appellant may attend the proceedings of the State Legislative Assembly and participate in the proceedings of the State Legislative Assembly and participate in the proceedings of the State Legislative Assembly and participate in the proceedings and continue to function as chairman of the Public Accounts Committee and continue to function as Chairman of the Public Accounts Committee and Member of Estimates Committee, but shall not vote as a member or draw his salary for the period subsequent to the date of the impugned orders. On an appeal filed by the Election Petitioner, The Supreme Court in its order dated 7th December 1983 has set aside the election of Thiru V. Arangarajan, M.L.A., elected from Uppliapuram (S.T.) CHAPTER XI

QUESTIONS

1. General- The functions of the Legislature can be conveniently divided into three heads (i.e.) Legislative financial and critical. The last function is performed in a number o9f ways "Question to Ministers" is one of the ways in which the critical functions are performed. The Chief Characteristic of the Cabinet Government is its collective and complete responsibility to the Legislature. The functions of the Legislature are not therefore, confined only "to make laws". It provides a from where the Executive can be questioned on the acts of commission and omission of Government.

The Chief attraction in the question hour is the battle of writs, the thrusts and counter-thrusts and flashes of humour the laughter now on one side, and, in the next moment on the other. The mettle and parliamentary flair of a Minister are often put to test and the extent to which he is able to meet the witty repartees of Members by his mastery of facts combined with ready wit, to that extent he will be able to make his ministerial career. It provides him an opportunity to make his ministerial career. It provides him an opportunity to make announcements on important matters in a somewhat informal way. Some time questions may lead to, the appointment of Committees or to bring in any legislation,. The purpose of the question hour is to "turn a search light upon ever corner of the Public Service" to explain "to the public the meaning of political events", to obviate the "necessity, in many instances of more extended debate of motions for papers" and to afford, "to the Private Member under modern conditions almost his only opportunity".

During Question time the Minister reads out the answer, prepared in his department and approved by him, when the question is called. The Member who had tabled the Question has a right to ask one or two supplementary questions arising out of the questions or the answer. The Speaker may permit supplementary questions by others also depending upon the importance of the subject-matter. It is the prerogative of the Speaker as to how many supplementary questions he would allow on a question. In these supplementaries Members will try to probe the Minister further. It is the cut and thrust of supplementary questions and answers which give the question time its dramatic quality.

Substance of Questions- The object of questions is either to seek information or to press for action. In either case, a question must concern, "a definite matter of public importance" within a Minister's cognizance. Questions should not cover matters which had previously been

answered or to which an answer had been refused. Individual and Private or purely parochial grievances which do not involve any public concern cannot form the subject of questions. Questions on secret matters, matters sub-judice, legal opinion, the conduct of persons, such as the President, Governor, judges are not in order. Questions are also not admissible which ask for information already published or for the confirmation of rumours on press reports. Further, questions which are tendentious, ironical, frivolous or vague are also not allowed.

Type of question- A question for which an oral answer is desired and distinguished by an asterisk is a "Starred question". Any Member may put a supplementary question for further elucidation of any matter in regard to which an answer has been given to it. If in the opinion of the Speaker any question though given notice of as Starred Question by the Member, is considered to be of such a nature that a written reply will be more appropriate, the Speaker may direct that such question be admitted as Unstarred question.

A notice of question for which a written reply is require or does not bear an asterisk or deemed appropriate, is classified as "Unstarred Question". Generally question which require long statements or statistics are admitted as Unstarred Questions. Answers to such Questions are printed and placed on the Table of the House.

A Short notice question is a starred question which the Speaker, with the consent of the Minister concerned, orders to be entered in he list of questions with shorter notice than 7 clear days. If the Minister concerned declines to waive the seven days notice, it is admitted as a Starred Question and included in the list of questions in the usual course. The speaker may direct that a question, which the Minister is unable to answer at short notice, be included in the list of questions for the day on which it would be due for answer under Rule 44, if he is of the opinion that the question is of sufficient public importance.

Notice of Questions- A Member who desires to put a question shall give notice of the same in writing to the Secretary, a question shall ordinarily be forwarded to the concerned department within 15 days from the date of its receipt. Admitted questions shall be entered in the list of questions on the forty second day at the latest after the day on which they are admitted by the Speaker.

Question Hour- The House ordinarily meets at 9-00 A.M. and unless it unanimously decides otherwise, the first hour of the sitting is spent on questions and answers. The Speaker

may in his discretion extend the time for Questions The Speaker may dispense with the question hour on the first day if the House is to meet at or after 10-00 A.M. the fore-noon.

The days on which the question hour was suspended during the period under review, on motion moved under Rule 30 (3) of the Tamil Nadu Legislative Assembly Rules and adopted unanimously by the House. The number of occasions when the question hour had been extended and the number of occasions the question hour had ended within one hour are given in Section II Table No XII (Page No.323).

- 2. Progress of questions during the period from 1980-84- During the period 23,695 notices of questions were received from the Members of which 14,966 were admitted and 8,729 were disallowed or withdrawn 4,258 questions were answered on the floor of the House and 5,847 answers to questions are given in Section II Table No. XIII (Page No. 324).
- 3. Correction Statements by Ministers under Rule 107 of the Tamil Nadu Legislative Assembly Rules- When any statement made by a Minister by way of answer to a question (main or supplementary) or under Rule 106 or otherwise is found to be incorrect by the Minister, he may with the permission of the Speaker, make a further statement either in the same sitting or at any time thereafter. There shall be no discu7ssion on the statement at the time when it is made

The details of such statements made by Ministers during the period under review are given in Section II Table No. XIV (Page No. 335).

CHAPTER XX LEGISLATION-BILLS AND ORDINANCES

The word "Legislature" literally means "the power that make Laws".

On of the important functions of the Legislature is to legislate or Law-making. Any proposed legislation is brought before the House in the form of a Bill. A Bill is in the form of a draft statue.

The Constitution of India and the Rules of the Tamil Nadu Legislative assembly have Prescribed the procedure to be followed for the introduction, consideration and passing of Bills.

A Bill may be piloted in the House either by a Minister or by any other member of the House. Legislation initiated by the Government and Bills piloted by Ministers are known as "Government Bills" and those initiated and piloted by other members are known as "Private Members' Bills".

A member desirous of moving a motion for leave to introduce a Bill is required to give five days notice of his intention and together with such notice is required to submit a copy of the Bill with an explanatory Statement of Objects and Reasons. (Rule 118 of the Tamil Nadu Legislative Assembly Rules)

In the case of a Bill involving expenditure, the member should append a financial memorandum inviting attention to the clauses involving expenditure (Rule 121 of the Tamil Nadu Legislative Assembly Rules).

In case of a Bill involving proposals for the delegation of rule making powers, an explanatory memorandum explaining proposals for delegation of rule making powers and drawing attention to their scope and stating also whether they are of normal or exceptional character should accompany (Rule 122 of the Tamil Nadu Legislative Assembly Rules).

If a Bill requires recommendation of the Governor under Article 207 or previous sanction of the President under article 304 of the Constitution, for introduction, then such recommendation or sanction should be obtained (Rule 123 of the Tamil Nadu legislative Assembly Rules).

In the case of a Bill seeking to replace an ordinance with or without modification, a statement explaining the circumstances which necessitated immediate legislation by Ordinace should be placed before the Assembly (Rule 183 of the Tamil Nadu Legislative Assembly Rules).

It is an accepted Parliamentary convention that a motion for leave to introduce a Bill is not normally opposed. If, however, a motion for leave to introduce a Bill is opposed, the Speaker after permitting, if he thinks fit, a brief statement from the member who moves and from the member who opposes the motion may, without further debate, put the question. (Rule 124 of the Tamil Nadu Legislative Assembly Rules). If the opposition is on the ground that the Bill initiates legislation outside the legislative competence of the Assembly, the Speaker may permit a full discussion thereon.

If the motion for leave to introduce a Bill is adopted and leave is granted, then the Bill is introduced. After such introduction, the Bill is published in the Gazette. In exceptional cases, the Speaker may order the publication of a Bill in the Gazette before its introduction in the House if a request is made to him giving reasons for such request. If a Bill is published under orders of Speaker, then there is no need to seek the leave of the House for its introduction. It can straight away be introduced and it is not necessary to publish such a Bill again (Rule 125 of the Tamil Nadu Legislative assembly Rules)

Money Bills can be introduced only in the Legislative Assembly and not in the Legislative Council. Other non-money Bills can be introduced in either House.

After a Bill is introduced and published in the Gazette the Member-in=charge of the Bill may, after giving five days notice make appropriate notices of motion either for its consideration by the House or its being referred to a select or Joint select Committee or its being circulated for the purpose of eliciting Opinion thereon may be given after following the procedure prescribed in the Rules of procedure (Rule 127.)

When a Bill is passed by the Assembly, a copy thereof will be signed by the Speaker and transmitted to the Council for its concurrence (Rule 150.)

Money Bills is be transmitted to the Council for its recommendation with a certificate from the Speaker to the effect the Bill is a money Bill. (Proviso to Rule 150) Whether a Bill is a money Bill or not, the Speaker's decision is final.

In respect of Money Bills, Legislative assembly has got the exclusive Powers to legislate and Legislative Council can only recommend amendments therein and must return such a Bill to Legislative Assembly within fourteen days from the date of its receipt. If it is not returned within the said [period of fourteen days, it is deemed to have been passed by both the Houses at the expiration of the said period in the form in which it was passed by Legislative Assembly. It is open to Legislative Assembly to accept or reject any or all of the recommendations of Legislative Council with regard to a Money Bill. If Legislative Assembly accepts any of the recommendations of Legislative Council, the Money Bill is deemed to have been passed by both Houses with amendments recommend by Legislative Council and accepted by Legislative Assembly. But if Legislative assembly does not accept y of the recommendations of Legislative council, the Money Bill is deemed to have been passed by both Houses in the form in which it was passed by Legislative assembly without any of the Amendments recommended by Legislative Council.

During the Period under Review, 275 Bills were introduced in the Assembly and all are Government Bills and no Private Member Bill was introduced.

CHAPTER XXI

FINANCIAL BUSINESS

Annual Financial Statement-The Budget:- Article 202 of the Constitution of India lays down that the Governor shall in respect of every financial year, cause to be laid before the House or House of the Legislature of the State, a statement of the estimated receipts and expenditure of the State for that year. This statement is called the "Annual Financial Statement" which is also known as "The Budget". This estimate shall be presented to the Assembly on such day as the Governor may appoint and there shall be no discussion on it on the day on which it is presented to Assembly.

This estimate shall show separately the sums required to meet the expenditure charged on the Consolidate Fund of the State and the sums required to meet other expenditure proposed to be made from the Consolidated Fund of the State. The expenditure charged on the Consolidated Fund of the State are enumerated in clause (3) of Article 202 of the Constitution. They are not subject to vote of the Legislative Assembly.

The Rules of the Assembly provide that the Budget should be dealt with by the Assembly in two stages, namely, (i) General discussion and (ii) Voting of Demand for Grants.

The Speaker in consultation with the Leader of the House and the Business Advisory Committee allots sufficient number of days for each of these stages. Not more than ten days shall be allotted for General Discussion on the Budget and not more than thirty days in the case of the Voting of Demands for Grants.

The Budget as a whole and the principle involved in it are discussed by the House during General Discussion on the Budget. No motion is moved at this stage nor the Budget is submitted to the vote of the House. The Minister-in-charge of Finance replies to the General Debate.

The Business Advisory Committee recommends the order in which the Demands should be taken up for discussion and voting and indicates the time to be allotted for each Demand or group Demands.

The Minister concerned while moving a Demand for Grant may make a statement explaining the policy of the Government in respect of the Departments covered by the Demand. When Demand is moved, it is open to members to move motions (notice for such cut

motions should have been given within the time limit specified in the Rules of Procedure) for reduction of grants but motions which will have the effect of increasing or altering the destination of a Demand cannot be moved.

After all the demands for grants are voted in full, an appropriation Bill is introduced. The Bill authorizes the withdrawal out of the Consolidated Fund of the State of all moneys required to meet the Grants made by the assembly and the expenditure charged on the Consolidated Fund of the State. The Schedule appended to the Bill specifies the amount which has been granted under each Demand and the expenditure charged on the Consolidated Fund of the State. No amendment can be proposed to any appropriation Bill which will have the effect of varying the amount or altering the destination of any Grant or varying the amount of "Charged" expenditure. The Appropriation Bill provides another occasion for general criticism of the policies of the Government and usually subjects which were not dealtwith either during the general discussed during the debates on the Appropriation Bill.

During the period under review, Budget was presented to the Assembly on the occasions as detailed in Section II, Table No. XXI (Page No. 384).

Vote on Account:- The Appropriation Bill is passed after all the demands for grants are discussed and voted and this provides the money required for expenditure by the Government Departments for a financial year beginning on 1st April and ending with 31st March next year. It is voted sufficiently early before the next financial year begins. Sometimes, It is found impracticable for the Legislature to complete the procedure of voting the entire Demands, before the financial year itself. Interim arrangements have, therefore, to be made to enable the departments of the Government to carry of after 31st March until all the Demands are voted and amounts appropriated by law.

Under Article 206 of the Constitution, the Legislative Assembly of a State has power to make any Grant in advance in respect of the estimated expenditure for a part of any financial year, pending completion of the prescribed procedure and to authorize by law the withdrawal of money covered by such a Grant from the consolidated Fund of the State. For this purpose, along with the Budget Estimates, a statement showing the gross amount required under each Demand, both voted and charged and the amount required 'on account' to cover the expenditure usually for the first three or four months of the succeeding financial year, is presented to the Legislature. These Demands 'On account' are discussed and voted upon in the

same manner as regular Demands for Grants. As the amounts required are voted 'on account' the whole procedure is called 'vote on Account'.

During the period under Review, 'Vote on Account' was taken on three occasions. On these three occasion, the purpose of taking Vote on Account was that the Demand for Grants be discussed at length. The following are the derails about Vote on Account:-

Expenditure:- Article 205 of the Constitution provides that if the amount authorized by any law made in accordance with the provisions in Article 204 to be expended for a particular service for the current financial year is found to be insufficient for the purpose of that year or when a need has arisen during the current financial year for supplementary or additional expenditure upon some new service not contemplated in the Annual Financial Statement for that year or if any money has been spent on any service during a financial year in excess of the amount granted for that service and for that year, a statement for Supplementary Expenditure or for excess grants shall be laid before the House of the Legislature on a day appointed by the Governor. The provisions of Articles 202, 203 and 204 shall apply to such Supplementary Statement of Expenditure and Demands for Grants for excess expenditure. During the period under review, 9 Supplementary Statements of expenditure and 5 Demands for Grants for excess Expenditure were presented to the House as indicated in Section II, Table No. XXII (Page 386).

The Tamil Nadu Electricity Board Budget:- Under Section 61 of the Electricity Supply Act, 1948 (Central Act 54 of 1948), the Annual Financial Statements (Budget Estimates) of the estimated capital and revenue receipts and expenditure of the State electricity Board shall be

prepared in the prescribed from and submitted to the State Government for being placed on the Table of the House of the State Legislature and the State Government shall cause it to be laid on the Table of the Houses of the Legislature. The Statement shall be open to discussion, but shall not be subject to vote. During the period under review, three annual Financial Statements and Supplementary Financial Statements were laid on the Table of the Assembly and discussions thereon were held as given below:-

CHAPTER XXII

MOTION AND RESOLUTIONS

I. MOTIONS

The term 'Motion' in its wider sense means any proposal submitted to the House for eliciting a decision of the House. One of the main duties of the House is to ascertain its own will in regard to various matters and for this purpose every question to be decided by the House must be proposed by a member in the from of a motion. Motions are, in fact, the basis for initiating any parliamentary debate.

II. RESOLUTIONS

The term 'Resolution' is used in respect of certain kinds of motions only. A resolution may be in the form of a declaration of opinion by the House, or a recommendation addressed to the Government, or formed in such a way as to record either approval or disapproval by the House of an act or policy of Government. It may convey a message or commend, urge or request an action, or call attention to a matter or situation for the consideration of the Government it may be in such other form as the Speaker considers appropriate.

A resolution may be moved relating to any matter of general public interest, the matter, however, must not be one which dose not primarily concern the particular Government. The resolution must raise some definite issue and shall not refer to any matter which is under adjudication by a Court of Law or to the conduct of any person except in his official or public capacity. The conditions for admissibility are laid down in Rule 188.

Resolutions are generally divided into two categories, namely, Government Resolution and Private Members' resolution.

CHAPTER XXIII

PRIVILEGES AND AOMMITTEE OF PRIVILEGES

Article 194 of the Constitution of India deals with the powers, privileges and immunities of the State Legislatures and of its members and Committees thereof. Clause (1) of the said Article provides for freedom of speech in the Legislature of a State subject to the provision of the Constitution Rules and standing orders, regulation the procedure of the Legislature. Clause (2) of the said Article provides immunity to the members form any proceedings in any Court of law in respect of anything said or any vote given by him in the Legislature or any Committee thereof and no person shall be so liable in respect of publi9cation by or under the authority of a House of any report, paper, votes or proceedings. Clause (3) of the Article states that in other respects, the powers, privileges and immunities of a House of the Legislature of a State and of the members and the Committees of a House of such Legislature shall be such as may from time to time by defined by the legislature by Law and until so defined shall be those of that House and of its members and Committees, immediately before the coming into force of section 26 of the constitution (44th Amendment) Act, 1978. The position prior to the amendment coming into force was that the Houses of the State Legislature in India and their Committees had the same privileges as those of the House of Commons of the Parliament in U.K. and its members and Committees at the commencement of the Constitution of India viz., 26th January 1950. No State or Union Legislature has yet defined its privileges. There for the privileges of the Houses of State legislature are same as the privileges of the House of Commons as obtained on the date of the commencement of the Constitution viz., 26th January 1950.

The procedure to be adopted to raise a matter of privilege is laid down in Rules 245 to 255 of the Assembly Rules.

COMMITTEE OF PRIVILEGES

Under Rule 245 of the Tamil Nadu Legislative Assembly Rules, a Committee of privileges shall be constituted at the commencement of each Financial Year, consisting of the Leader of the House, Leader of the Opposition and the Deputy Speaker who shall be member ex-officio and fourteen other members to be elected by the assembly on a date to be fixed by the Speaker according to the principle of proportional representation by means of single transferable vote and in accordance with the regulations framed, in this behalf, by the Speaker.

The Chairman of the Committee is nominated by the Speaker from among the members of the Committee. By convention, the Deputy Speaker will be nominated as Chairman. The functions of the Committee of Privileges is to examine and report to the House about its findings on those cases that are referred to it by the House and suo motu by the Speaker.

The composition of the four Committees for the years 1980-85 is indicated in Section II, Table No. XXIV. (Vide page No. 397).

The Committee held 43 sittings during the period under review.

During the period under review, the following 10 matters were referred to the Committee of Privileges. Out of which reports in respect of 8 matters were presented to the House. They were not however considered by the House. Ion respect of other cases the committee could not finalise the reports before dissolution.

(A) Matter of privileges referred to the Committee of Privileges for which reports were presented to the House.

(1) Case against Thiru A. Rahmankhan, M.L.A.

On 6th March 1981, Thiru A. Rahmankhan made certain allegations in the House regarding the facilities offered to the owner of a Theatre in Pollachi, because the owner of the theatre was (Tamil) the father-in-law of Hon. Minister for Local Administration. Hon. Minister for Local Administration denied the statement that the owner of the above theatre was his father-in-law. Then the matter was referred to the Committee of Privileges for its examination and report and a motion of the same moved by the Hon. Minister for Electricity, was adopted by the House.

The Committee examined Thiru. A. Rahmankhan and Hon. Minister for Local Administration in person. In the course of examination, Thiru A. Rahmankhan admitted that he used the word in Tamil (Tamil) to mean sister's husband. The Committee felt that the whole matter had arisen because relationship was not properly understood by the member and recommended that the members should properly understand the relationship in such cases before they speak and that they should avoid comments against individuals in future. It further recommended to the House that no further action need be taken in the matter.

The report of the committee was presented to the House on 1st September 1981.

(2) Case against Thiru R.K. Balasubramanian and against 'The Hindu'

On 16th July 1980 Dr. K. Sourirajan, M.L.A. raised a matter of privilege against one Thiru R.K. Balasubramanian for having written a letter to the 'Hindu' under the caption "Secretariat of the Legislature" and against the 'Hindu' for publishing the same. Hon. Speaker, after hearing the member and the remarks of the Hon. Leader of the House, reserved his rulings. On 22nd July 1980, Hon. Speaker ruled that there was a prima facie case of breach of privilege.

The matter was then referred to the Committee of Privileges for its examination and report on a motion mover by the Hon. Leader of the House.

Though the Committee had come to the conclusion that the impugned letter and subsequent conduct of Thiru R.K. Balasubramanian amounted to contempt of the House, it would however follow the observations of the Privileges Committee of the House of Commons in the "Daily Mail" case of April 1948 which reported, interalia, that he processed of parliamentary investigation should not be used in a way which would give importance to irresponsible statements.

The Committee, therefore, decided that it would caution Thiru R.K. Balasubramanian To be more careful in his comments against officials of the House or against the House in future and recommended to the House that no further action need be taken either against the author or against the paper for its publication.

The report of the Committee was presented to the House on 4th February 1982.

(3) Case against Thiru S. Manavalan, former Chief Engineer

On 9th May 1981, in the Course of a discussion on the Demand "Head of State, Ministers and Headquarters Staff". Hon. Chief Minister, while replying to the debate, made certain allegations against Thiru S. Manavalan, former Chief Engineer. Thiru S. Manavalan in turn made a press statement, refuting the charge made by the Chief Minister and the press statement was published in the 'Indian Express' in its issue dated 11th May 1981. On 14th May 1981, Thiru R. Umanath raised the above matter as to whether the press statement made by Thiru S. Manavalan, a Government servant and the publication of the Statement in the paper would amount to breach of privilege. On a motion moved by Hon. Leader of the House, the matter was referred to the Committee of privileges for its examination and report.

Thiru S. Manavalan and the Editor of 'Indian Express' submitted written explanations to the Committee. In the written explanation Thiru S. Manavalan had also expressed his apology for acceptance by the Committee. The Committee taking into account his apology as

well as his subsequent retirement of the officer from service decided to drop the matter and recommended to the House that no action need be taken against Thiru S. Manavalan and against the Daily.

The report of the Committee was presented to the House on 31st January 1983.

(4) The incidents that occurred in the House on 29th April 1981

On 29th April 1981, in the course of a discussion on "Forest Demand", Hon. Minister for Religious Endowments while replying to the Demand read a letter said to have been written by Thiru V.M. Devaraj. M.L.A. to a Forest Officer in favour of an appointment. The Members of the D.M.K. Party took objection and raised slogans in the House. Heated words were exchanged and even paper weights and chappals were thrown.

On 30th April 1981, Hon. Speaker under Rule 255 of the Tamil Nadu Legislative Assembly Rules, suo motu referred the matter to the Committee of Privileges, for its examination and report, the matter arising out of the various complaints received by him from the members belonging to both sides of the House on the unpleasant incidents that occurred on 29th April 1981.

Though parties belonging to both the sides were asked to tender evidence before the Committee, one party did not come forward to give evidence. The Committee, therefore, felt that in the absence of direct evidence it was difficult to pin down the responsibility on any one member. However, the Committee opined that the House should not allow any member to bring down the dignity and decorum of the House by their indecent behaviour. The Committee recommended that no further action was necessary in the matter.

The report of the Committee was presented to the House on 7th April 1983.

(5) Matter of privilege arising out of an object shown by a Member in the House

On 9th February 1983 an object was displayed by a member in the House and a privilege issue was raised in the House which was referred to the Committee of Privileges for investigation and report.

Tmt. D. Yasodha and Thiru Durai Murugan stated, in the course of their examination, that Thiru Thamaraikani had displayed chap pals in the House. Thiru N. Varadarajan had however stated that Thiru Thamaraikani had shown the paper weight and not the chap pal. Thiru Thamaraikani had deposed before the Committee that he was holding the paper weight in his hand and waved it while he was speaking without any intention to hurt others. The

Committee came to the conclusion that it was not possible to say definitely that Thiru Thamaraikani had shown the chap pal.

Hence the Committee concluded that:-

- (1) Thiru Thamarraikani should refrain from giving vent to his feelings and should control himself;
 - (2) His action of waving paper weight in the House was condemnable;
- (3) This episode would teach him a lesson and he would be more careful in future and recommended to the House that no further action need be taken in the matter.

The report of the Committee was presented to the House on 18th April 1983.

(6) Assault on a member of the House.

On 5th April 1982, Hon. Speaker referred a matter relating to the assault made on Thiru P. Theertharaman, M.L.A. alleged to have taken placed in the vicinity of the Legislators' Hostel on 26th February 1982, during the Budget Session, to the Committee of Privileges, for its examination and report, under Rule 255 of the Tamil Nadu Legislative Assembly Rules.

The Committee examined Thiru C. Lakshmikanthan, M.L.A., M.L.A. Thiru R. Sundaramurthy, M.L.A., Thiru P.Theertharaman, M.L.A., Tvl. Boominathan, Panneerselvam and George (individuals) and came to the conclusion that no concrete evidence was placed before the Committee to establish that the member was attacked with an intention to obstruct him from going to the House. The Committee held that Members stayed in the MLAs Hostel only to participate in the business of the House and any indulgence in violence would reflect on the House. However, the Committee was not in favour of the Legislators' Hostels being included within the precincts of the House, as it would create other problems. However, the Committee recommended that Government should provide adequate protection to the Legislators staying in the Hostel and ensure that in future such incidents did not recur. In the absence of concrete evidence in the privileges issue placed before the Committee, the Committee decided not to pursue the matter, recommending that the police Department may take up appropriate investigation in the matter.

The report was presented to the House on 18th April, 1983.

(7) Matter of privilege against "Vaniga Ottrumai"

On 21st March 1983, Hon. Speaker announced that Thiruvalargal S. Rajaraman and R. Sundaramurthy had given notices of Privileges against "Vaniga Ottrumai" a monthly remarks about members of the Legislature as a whole in its February issue. Hon. Speaker under the

powers vested in him under Rule 255 of the Assembly Rules *suo motu* referred the matter to the Committee of Privileges for its examination and report.

The Editor and Publisher of Vaniga Ottrumai Thiru Balraj deposed before the Committee that he was responsible for his writing the article and that he had no regrets what so ever and was willing to face any consequence.

In order to discourage such writings in future and taking into consideration the decorum and dignity of the August House, the Committee resolved to take a lenient view and recommended one week's simple imprisonment as a measure of caution and warning to the writer and editor.

The report was presented to the House on 28th March 1984.

(8) Matter of privilege against Thiru M.K. Srinivasan for making allegations against the Secretary, Legislative Assembly and against "Ethiroli" for publishing the allegations-

On the 27th April 193, Hon. Speaker referred to a news item in the Tamil Daily 'Ethiroli' published by one Thiru M.K. Srinivasan who had made certain allegations against the Secretary, Legislative Assembly stating that the notices given by certain members on a particular issue were not allowed to be taken up for discussion in the House by the Secretary and that M.K. Srinivasan had made a written complaint about it to the Commissioner of Police. As there was ulterior motive in the allegations and the publishing of the same, the Hon. Speaker under the powers vested in him under Rule 155 of the Assembly Rules, referred the matter to the Committee of Privileges for its examination and report.

Thiru M.K. Srinivasan accepted before the Committee that he was ignorant of the conventions, Rules and Procedures of the House and that he was not aware of the fact that the Secretary was part of the House. He also stated that there was no intention on his part to malign the name or cast aspersions on the Secretary and tendered his apology.

In view of the above and the apology tendered by the editor and publisher of 'Ethiroli' the Committee recommended that the matter need not be pursued further.

The report was presented to the House on 29th April 1984.

(B) Matter of Privilege referred to the Committee of Privileges for which reports were not finalised before the dissolution of the Assembly

(D) COMMITMENT TO JAIL FOR CONTEMPT OF THE HOUSE

Every House of the Legislature of a State has the power to secure the attendance of persons on matters of privileges and to punish for breach of Privilege or contempt of the House and commit the offender to custody or prison. Every State Legislature possesses not only the power to punish for contempt but have also the right to judge for themselves what is contempt or what is not. This is inevitable to enable the House to discharge its functions and safeguard its authority or privileges. This power is akin in nature and owes its origin to the powers possessed by the Court of Law to punish for contempt. Without such a power, the House "would sink into utter contempt and inefficiency".

If contempt is committed in the immediate presence of the House, the contemner may not be heard. He is taken into custody immediately by the sergeant of the Assembly and detained for the minimum time necessary for interrogation. The contemner may apologize and the House may be pleased to accept it and let him off. If the contemner has to be punished, it can be done by the House only. For this purpose, a motion is moved by the Leader of the House. The motion may specify the period of imprisonment and the place or jail where the accused is to be detained. On the motion being adopted by the House, a warrant of commitment addressed to the Superintendent in-charge of the jail is signed by the Speaker. (D) BUSINESS ADVISORY COMMITTEE

Under sub-rule (1) of Rule 256, the Speaker may nominate a Business Advisory Committee at the Commencement of the House or from time to time as the case may be, consisting of seventeen members including the Speaker and the Leader of the House. The Speaker shall be the Chairman of the Committee.

The main function of the Committee is to draw up the programme of the sittings of the House and to recommend the time that should be allocated for the discussion of the stage or stages of such Government Bill and other business that may be referred to by the Speaker. The Committee met on 78 occasions in Seventh Assembly.

The Committee shall also have such other functions as may be assigned to it by the Speaker from time to time. During this period one such matter was referred to the Committee.

In 1983, in the course of a discussion in the House, a member of the House raised a point of order and referred to an allegation made outside the House by Thiru P. Kolandaivelu, Minister for Local Administration alleging that Thiru M. Karunanidhi, Leader of Opposition was having some benami holdings in Madurai district. The Minister maintained to his earlier stand and stated that he never made any allegation without any proof. The allegation was refuted by Thiru M. Karunanidhi who asserted that he would also produce documents in support of his denial. The Minister asserted in the House that he would produce documents to prove his charges. The matter was referred to the Business Advisory Committee in consonance of the sense of the House. The Business advisory Committee of the House to

which the issue was referred went through the documents produced by both Thiru M. Karunanidhi and Thiru. P. Kolandaivelu, unanimously felt that there was no basis for the allegations made by the Minister. Based on this, the Speaker on 15th April, 1983 ruled that the documents produced by the Minister were not acceptable.

Besides its normal functions, the Business Advisory Committee was asked to consider certain matters referred to it by the Speaker and it functioned as a Select Committee to find out facts.

During the period under review, the Speaker nominated the Committee six time and the Members who served on these Committees are listed in Section II Table No. XXXIII (Page No. 446).

(E) COMMITTEE ON DELEGATED LEGISLATION

In the various legislations enacted by the Legislature, the power to make Rules, Regulations, etc., to carry out the purposes of the Act of Legislature is entrusted with the Executive. The delegation of such power is due to pressure on parliamentary time. However, it is the primary responsibility of the Legislature to see that the power delegated by it is properly exercised by the Executive within the powers delegated. The Committee on Delegated Legislation is entrusted with the above responsibility and hence, the Committee on Delegated legislation is considered as one of the Legislatures' "watch-dogs" over the Executive. Before 1955, there was no Committee of the Legislature to perform the above functions. In the year 1955, the Madras Assembly Rules were amended providing for the constitution of the Committee on Subordinate Legislation on the pattern of the Committee functioning in the House of Commons and in the Lok Sabha. The First Committee on Delegated (Subordinate) Legislation was constituted on the 14th February 1955.

Scope and Functions:- The Committee on Delegated Legation is constituted under Rule 263 of the Tamil Nadu Legislative Assembly Rules. The regulations, rules, sub-rules, bye-laws, etc., which are made in pursuance of the provisions of the constitution or in exercise of the powers delegated by Parliament or State Legislature and laid on the Table of the House or published in the *Tamil Nadu Government Gazette* are subject to scrutiny by the committee. Reports containing the recommendations of the Committee on the scrutiny are presented to the House.

Constitution:- Rule 264 of the Tamil Nadu Legislative Assembly Rules provides for nomination of 17 Members to the Committee for each financial year. 12 Members from the Assembly and 5 Members from the Council are nominated by the speaker and the Chairman respectively. (F) COMMITTEE ON GOVERNMENT ASSURANCES

Scope and Functions:- While replying to questions, call attention notices, adjournment motions and during discussions on Budget, Bills, Resolutions, etc., on the floor of the Assembly, Ministers sometimes give assurances or undertakings either to consider a matter or to take action or to furnish the House with further information later. But, these by themselves will not suffice unless these assurances, promises, etc., are fulfilled by the Government. The House is also entitled to know whether the Ministers have fulfilled the assurances, promises, etc., made by them on the floor of the House. In order to watch the implementation of such assurances, promises, etc., the Rules of the Tamil Nadu Legislative Assembly provide for the constitution of a committee on Government Assurances. The

functions of the Committee are to scrutinise the assurances, promises and undertakings given by Ministers from time to time on the floor of the House and to rep-ort to the House on:-

- (a) the extent to which such assurances have been implemented: and
- (b) Where implemented, whether such implementation has taken place within the minimum time necessary for the purpose.

CHAPTER XXVII

SPEAKER'S IMPORTANT RULINGS

During the period the Speaker gave the following three important Rulings:-

(1) On the 24th March 1983, Hon. Speaker gave the following ruling when Thiru R. Umanath raised a point of order in regard to the admission of a Writ petition in the High Court against certain remarks of Hon. Chief Minister in the course of his speech made on the floor of the House about the High Court Judges on 2nd February 1983. Hon. Member has raised the issue only on the basis of newspaper reports published to day.

"It is not appropriate for us to say that the Courts should not entertain any such case. But if a case filed in the Court questions the privileges of the Legislature or affects the privileges of the Members, there by preventing them from taking part in the proceedings of the House it has been the parliamentary tradition to advise and direct the members that they need not obey the summons issued by the Court and that they need not subject themselves to the jurisdiction of the Court and direct the Government to apprise the Courts about the clear constitutional provisions in this re3gard, thought their Law Officers.

As far as this issue is concerned, there is no information whether the Hon'ble Chief Minister has received any notice or summons from the Court. If such a summons is received, and if this House is informed about it, steps would be taken to protect the rights of this House."

On the 30th March 1983, Hon. Speaker announced that he has received a letter from the Hon. Chief Minister, stating that he has received a Notice in W.P. No. 2074/83 of the High Court and placing the same before the Hon. Speaker for suitable directions in the matter. Hon. Speaker gave the following ruling:-

"The Court proceedings have initiated questioning the speech delivered by him on the floor of this House. Even if the examine it superficially it clearly impinges not only the privileges of this House but also questions certain fundamental and basic concepts of our Constitution itself.

As I require sometime to examine all these questions, till I give my final decision in this matter to this House, Hon. Thiru M.G. Ramachandran, as a Member of this House and

Chief Minister need not submit himself to the summons received by him from the High Court and he also need not enter appearance in the Writ Petition in compliance with the notice received from the Court.

I would give my ruling on this question within a week.

On the 5th April 1983, Hon. Speaker gave the following final ruling in the above matter:-

"Article 194 of the Constitution of India reads as follows:-

194(2) No Member of the Legislature of the State shall be liable to any proceedings in any Court in respect of anything said or any vote4 given by him in the Legislature...."

Hence it is the fundamental right conferred on either House to a State Legislature and no Court can take action or Prosecute any member in respect of anything said or any vote given by him in the Legislative Assembly or Council Whoever does not recognize this right of this House and questions or whoever attempts to contravene or diminish this right would be committing a contempt of this House. No court has any jurisdiction or right to question or tamper this privilege.

As far as I am concerned, the writ filed against the Chief Minister for the speech delivered by him on the Floor of this House is not in any way violative of Article 211 of the Constitution. Even if it is violative, it is against the constitution to initiate any action against him in any Court. That will not only affect the rights and Privileges of this House, but would also be a gross contempt of this House.

Further as already declared by me on 30th March 1983, so long as the Ministry retains the confidence and support of this House, it could continue in office. On the other hand unless the Courts transform themselves as the Legislature they cannot vote the Chief Minister out of office having contravened certain provisions of the Constitution. So I hold, following precedents and provisions of the Constitution. So I hold, following precedents and privileges followed in Parliament and other State Legislatures under similar circumstances and also in pursuance of the privileges of this House, the Hon'ble Chief Minister shall not appear in Court and argue his case. But law officers of the Government should bring to the notice of the Courts about the special privileges guaranteed in the Constitution of India for the State

Legislatures and impress upon the Court the need to dismiss the case against the Chief Minister which is based on the proceeding of the House."

(2) On the 17th February, 19u84. Hon. Speaker gave the following ruling:-

"I have seen to-day in the news papers that a 'writ of Quo Warranto' has been filed against the secretary, Tamil Nadu Legislative Assembly. I have already announced in this House how the secretariat of the Tamil Nadu Legislative Assembly has functioned so far and how it will function in the future. Only this House has the sole jurisdiction to consider under what authority he is functioning as the Secretary of House. Nobody else has any right to discuss this matter or raise it in any Court of Law or any forum. If that is done, it will amount to committing contempt of the House.

The Secretary is appointed by the Governor under Article 187 of the Constitution of India in consultation with the Speaker and functioning in accordance with the Tamil Nadu Legislative Assembly Secretariat Service Rules.

Further I request the State Government to explain the Constitutional position in this regard before the High Court through its Law Officers".

The High Court ultimately dismissed the petition for issue of Writ of Quo Warrant to Thiru G.M. Alagarswamy who was appointed as Commissioner and secretary Legislative Assembly Secretariat by a Government Order, dated 11th January, 1984.

(3) On the 17th February, 1984, the Speaker made the following announcement regarding independence of the Legislative Assembly Secretariat under the control of the Speaker.

"There are misconception over the functioning of the Legislative Assembly Department, eventhough it is under my full control and functions without any interference from the Government in accordance with the Legislative Assembly Rules framed under the Constitution. Therefore to clear the above misconception, the Governor in consultation with me has issued as order that the legislative Assembly Secretariat will be under the independent control of the Speaker from 16th February 1984.

This Department will hereafter function as Legislative Assembly secretariat from 16th February 1984. The secretary will be called as Secretary for this House and, Commissioner and Secretary for the Secretariat. It is because that he is equivalent to that of the other Commissioner and secretaries of the Government".

(G) PENSION TO FORMER MEMBERS OF THE LEGISLATURE

The scheme for payment of pension to former Legislators was first introduced in 1975, by an amendment to the Tamil Nadu payment on Salaries Act, 1951. Such of those persons who have served for a period of ten years or two terms in the Legislative Assembly after the 1st day of March 1952 were paid pension at the rate of Rs. 250 per mensem.

In 1980, the term of membership for eligibility for payment of pension was reduced to one term by an amendment to the relevant provisions of the Act. The term was also completed as not less than one year and not more than five years. It also provided for the payment of an additional pension of Rs. 50 for every further period of one year, exceeding five years subject to a maximum of Rs. 500 per mensem. These provisions came into force with effect from 13th March 1980.

Pension was sanctioned to 637 former members by virtue of the above amendment including those who were already drawing pension under the 1975 scheme.

Pension is now claimed by the Authorised Officer without any claim preferred by the pensioner and credited to the account of the pensioner in the Bank, nominated by the Pensioner, every month.

Tamil Nadu Payment of Salaries Act 1951, was again amended by Act No. 10 of 1982, extending the pension scheme to all those who were members of the Tamil Nadu legislature after 15th august 1947. Necessary provisions were also made extending the pensionary benefits to those persons who had served in the erstwhile Travancore Cochin State Legislature and Andhra Pradesh State Legislature and represented the territories which have been transferred to the State of Tamil Nadu after 1st November 1956 and 1st April 1960 respectively.

By this amendment 36 former members from Travancore Cochin Legislature and Andhra Pradesh Legislature became eligible for pension in addition to th0ose who were receiving pension in accordance with the earlier provisions.

Legislators pension will not be paid to any person for the period during which such person was or is in receipt of pension for having been a member of the Parliament or any other State Legislature or honorarium either from any state or the central Government or from any Company or Statutory body owned or controlled by any State or the Central Government, and if the amount of such pension or honorarium is less than the pension to which he is entitled under the Payment of salaries Act, 1951 such person is entitled to receive only, the difference as pension.

As on date (15th November 1984) 556 former members are drawing their pension.

The Tamil Nadu Payment of salaries Act, 1951 as amended by Act 10 of 1982 also provides Medical facilities to former members of the Legislature from 13th March 19u80. They are entitled to accommodation in 'B' Class wards and treatment in the hospitals maintained by the State Government free of charge including diet. This limit has been enhanced to Rs. 400 per year with effect from 1st April 1984.

The statement of expenditure incurred towards the payment of pension and medical reimbursement to former members of the Legislature Assembly up to and inclusive of 15th November 1984 year wise during the period is given in Section II-Table No. L (Page.486).

(H) A SEARCH FOR SEPARATE BUILDING COMPLEX FOR THE TWO HOUSE AND ITS SECRETARIATS

The Legislative assembly is at present situated in Fort St. George. This is a historical place. The site was obtained by East India Company in 1640. The old Fort was demolished in 1711 and new structures were built and assumed its present shape in 1781. The present Legislative Assembly Chamber and the block was built in 1910.

The question of construction of a suitable building for housing the Legislative assembly, Legislative Council and their secretariat has been engaging the attention of the different Government and the legislature from time to time beginning from 1909. The Chamber was built to serve the then Governor-General in Council-the council consisting of 20 members. This was remodeled in 12921 by addition of Galleries to house the enlarged provincial Legislative council consisting of 50 members, constituted under the Government of India Act, 1919.

In 1937, when the State Legislature became bicameral under the Government of India Act, 1935, the assembly had its sitting in the Senate House after remodeling it to suit the needs of the Assembly at a cost over Rs. 2 lakhs. It was stated then that a 'suitable Parliamentary House will have to be constructed in Madras some day'. This never came to be realized.

Again, when the Assembly was constituted after Independence in 1947, a temporary building was constructed in the government Estate, Anna Salai in 1952 and the assembly functioned there till 1957. This building was later converted as Kalaivanar Arangam. The Legislative Council held its sitting in the assembly Chamber in Fort St. George. The Secretariats for the legislative assembly and Legislative Council were scattered in Anna Salai and in Fort St. George.

In 1957, the Assembly and its Secretariat was also again shifted to Fort St. George for the convenience in view of lesser number of members in the Assembly after the reorganisation of States. The accommodation provided for his Secretariat in Fort St. George then was by no mean sufficient to meet the needs of a modern Legislature and their Secretariats and the members were not provided with any facilities-not even an adequate lounge. Only a part of Library was shifted from Government Estate to Fort St. George in

view of limited accommodation provided for and the Library continued to function in the cellar of the Rajaji Hall.

In 1975, the Government sanctioned the construction of a Multistoreyed building in fort St. George to provide accommodation for the assembly and Council in the Old Building by shifting some of the Departments of Secretariat in the proposed building. Though some of the Departments of the Government were shifted to the Multi-storeyed Building after its construction, sufficient accommodation was originally thought was not released to the assembly and Council to provide necessary facilities to Members and for accommodating the Library and other requirements of the legislature Secretariats.

During the course of discussion of Budget in 1979, when Members raised the inadequacy of accommodation for Legislature and Legislature Secretariats and lack of facilities for Members, the Hon. Minister (Finance) announced in the House that the Government have decided to construct a new building to house the legislature. As the Assembly was dissolved thereafter in 1980 immediate follow up action could not be initiated.

This issue was again taken up soon after the Constitution of the seventh Assembly and it was decided to go ahead with the proposal.

In pursuance of the above decision, a High Level Ministerial Committee consisting of Hon. Chief Minister as the Chairman and an official High level Committee under the Chairmanship of Chief Secretary were constituted in G.O. Ms. No. 174, dated 22nd September 1980 to implement expeditiously the Government decision to build the Legislature Building Complex with all modern amenities and facilities for the Chambers of both the Houses, their Committees, their Secretariats, Library, other requirements of Legislature and the executives.

It has also been decided that the matter be dealt with in three stages, namely (i) to acquire the selected site or select a site; (ii) to have necessary designs and plans drawn up and accord sanction therefore after approval.

EFFORTS TAKEN DURING THE PERIOD FOR CONSTRUCTION OF LEGISLATURE BUILDING COMPLEX

The late Prime Minister Mrs. Indira Gandhi readily agreed to make available one site where old buildings are standing. When the proposal was published archeological Department of Government of India raised certain objections to pull down buildings now in

this place and also the local Defense establishments wanted not only space just opposite to Fort but also cost of construction of new buildings of equal area and also compensation for the land. In view of these difficulties, the State Government decided to locate the new Legislature Building in a site of its own. The official Level Committee met several times for identifying a suitable site for the purpose. At its meeting held on 15th June 1982, the official level Committee recommended the site of about 19 acres opposite to Fort St. George. This recommendation was accepted by the Ministerial high Level Committee on 19th January 1983.

Thereafter the Ministerial High Level Committee informally examined the details of consumer's requirements of the building with the Chief Engineer (Buildings), and the Chief Architect for the Government of Tamil Nadu on 7th April 1983 and finalised and approved the consumer's requirement at its informal meeting held on 22nd July b1983. It was decided that the Legislature Building Complex should be designed to have a basement and upper stories not exceeding four for the present with foundation to carry two more stories in the future. The basement will accommodate Legislature archives, printing press, Workshops and Stores, A/C Plant, Electricity station, Generator Room, Telephone Exchange etc., The Main assembly and Council chamber will be on the first floor (2nd Store above basement).

The Assembly Chamber should have a capacity to seat 29 Members now to be expanded to 470 later. Similarly the Council Chamber will have a capacity to seat 80 members now to be expanded to 120 later. Apart from these main areas, the Complex should also have modern facilities for the proper functioning of a Legislature and with sufficient provision for expansion to suit the needs. Any Complex planned must serve for centuries.

It was further decided on 7th April 1983 to conduct an open architectural competition in order to obtain an outstanding design concepts for the construction of the proposed Legislature Building Complex and to award prize for outstanding designs as follows:

- 1. First Prize Rs. 1,00,000 (One lakh)
- 2. Second Prize .. Rs. 75,000 (Seventy five thousand)
- 3. Third Prize .. Rs. 50,000 (Fifty thousand)

It was also decided that the First Prize winning architect would be retained for rendering architectural services on mutually acceptable terms and conditions. A sum of Rs.

3,00,000 (Three lakhs) was sanctioned for this purpose in G.O. Ms. No. 88, Legislative Assembly Department, dated 2nd May 1983.

A Board of Assessors for judging the architectural competition was also constituted as follows:-

- 1. Hon. Chairman, Legislative Council.
- 2. Hon. Speaker, Legislative Assembly.
- 3. Hon. Minister for Finance.
- 4. Hon. Minister for Public Works.
- 5. Chief Engineer (Buildings), Public works.
- 6. Government Chief Architect; and 5 Architects from the India Institute of Architects.

In the Competition, 39 designs were received for selection by the Board of Assessors. At its meeting held on 16th and 17th of December 1983, the Board of assessors short listed six designs for detailed examination. Though none of the designs complied with all the requirements, they selected three designs for awarding prizes at the meeting held on 20th September 1984 so that the architect can be asked to evolve a design to suit the needs. The architects also opined if a better site could be selected (as the site opposite to Fort St. George did not site could be selected (as the site opposite to Fort St. George did nor have sufficient breadth) it would be better in the long run. The first prize went to the design received from Thiru Madhav V. Naik, Ne4w Delhi, the second to Thiru C.P. Sabharwal and Associates, New Delhi and the third to Thiruvalargal Patel and Grower Kanti and Paresh associate, Baroda. The Board of assessors also decided to aw3ard two more consolation prizes of Rs. 25,000 each for the other two designs also.

In view of the Architects Opinion no final decision as to the choice of the site has been made by the Government. This matter will have to be pursued in future if mere facilities are to be provided for the functio0ning of the Legislature.

TABLE NO. XXXVI

(Vide Page No. 175)

LIST OF THE IMPORTANT RECOMMENDATIONS MADE BY THE COMMITTEE ON DELEGATED LEGISLATION DURING 1980-84

- 1. The Committee pointed out that in the absence of specific provision in the Indian Stamp Act, 1899(Central Act II of 1899), the rules issued in exercise of the general rule making powers under section 75 of the said Act cannot provide for abridgement or restriction of the right of a person who purchases Stamps and Stamp Papers for execution of documents. The Committee abserved also that the regulation of supply and sale of Stamps and Stamp Papers by the Stamp Vendors may be subjected to periodical verification of the accounts maintained by them, submission of returns, etc., and if the Government are still of the opinions that a provision should be made respecting the use of Stamp Papers by the purchasers themselves, the relevant provision of the Act may be amended suitably. (Page 7-First Report-Seventh Assembly 1980-84).
- 2. The Committee suggested that rule 18 (3) to Tamil Nadu General Sales Tax Rules, 1959, be amended suitably so as to provide for issue of notice of demand under sub-rule (3) of rule 18 if the return is submitted and is not accompanied with a receipt for payment of tax due on such return (Page 16-First Report-Seventh Assembly 1980-84).
- 3. The Committee (1980-82) recommended that suitable provisions be made in the Tamil Nadu Occupants of Kudiyiruppu (Conferment of Ownership) Act, 1971 (Tamil Nadu Act 40 of 1971) to compel the State Government to lay the rules framed thereunder before the State Legislature as soon as they are published and also to subject them to any modification, alternation or annulment by either House (Page 16-17, First Report-Seventh Assembly 1980-84).
- 4. The Committee (1980-82) recommended that the draft amendment providing for payment of equal wages for equal work-load as that of regular labour the confirmed early after amending the Contract Labour (Regulation and Abolition) Act, 1970 in accordance with the recommendations of the Committee (Paragraph 69 Second Report-Seventh Assembly-1980-84).

- 5. The Committee is of the view that the provisions in section 16(2)(b) of the Tamil Nadu Registration of Veterinary Practitioner Act lacks standard of guidelines for prescribing the term of office of a member of the Tamil Nadu Veterinary Council. The Term of Office of the Members of the Council either elected or nominated should be provided for in the Act itself. The Committee opined that the power of specifying the term of office of the Members of the Councilo should instead of being conferred on the executive Government be retained by the legislature. (Paragraphs 1980-81-Third Report-Seventh Assembly 1980-84).
- 6. The Committee opined that considering the practical difficulties in voted in obtaining certificates by the debators the certificates may atleast be deemed to have been produced in respect of the debtors once they swear by affidavits of declarations, and if necessary, the relevant provisions of the Tamil Nadu Debt Relief Act, 1979 (Tamil Nadu Act 40 of 1979) may accordingly be amended for exemption from production of such certificates by the debtors and the burden of proof in this regard may be provided in respect of creditors alone. (Paragraph 184-Third Report-Seventh Assembly 1980-84).
- 7. The Committee held the view that the words "subject ot such rules as may be made in this behalf" occurring in Section 65-A of the Tamil Nadu Agricultural Income Tax Act, 1955, appear to delegate excessive legislative powers abnd that the provisions contained in Sectiuon 65-A connot be made subject to the rules issued thereunder. The Committee opined that Section 65-A "contemplate machinery for collection of tax". The Law Department, itself had conceded that the 'powers providing for "machinery for collection of tax" connot be delegated. The committee auggested that the provisions contained in Section 65-A may suitably be amended in the light of the above opinion. (Paragraphs 189 and 194-Third Report-Seventh Assembly 1980-84).
- 8. The Committee aoined that sub-rule (1) of rule 9 of the Tamil Nadu Cultivating Tenant Arrears of Rent (Relief) Act, 1980 (Tamil Nadu Act 15 of 1980) was ultra-vires to the relevant provisions of the said Act (Paragraph 303-Third Report-Seventh Assembly 1980-84).
- 9. The Committee recommended that in the absence of any specific provision in the Act itself for the Forest Ranger of Tahsildar to depute any subordinate officer to

perform the statutory duty enjoined to him delegation of such a power to a subordinate officer as contemplated in Rule 2(2) of Tamil Nadu Forest Lands (Eviction of Encroachments) Rules, 1981, would amount to delegation of delegation, which is not authorised in the Act and hence, the addition of the expression, "or by deputing a subordinate officer" in Rule 2(2) is ultra-vires of the provisions of the Act and suggested that it be deleted (Paragraph 72-Fourth Report Seventh Assembly-1980-84).

- 10. While considering amendments to the Management and Preservation of Properties of Religious Institution Rules, 164, the Committee observed that there should be a provision for super check by a superior officer with suitable technical qualifications other than the officer doing check measurements. The Committee suggested that the Department may re-examine the whole thing as to the practice in the field and then submit a report within 2 months, with required changes or modification (Paragraph 120-Fourth Report-Seventh Assembly 1980-84).
- 11. The Committee opined that the words "subject to any rule made in this behalf by the Government" in section 8 of the Tamil Nadu Hand-loom Workers (Conditions of Employment and Miscellaneous Provision) Act, 1981, will amount to excessive delegation of Legislative power and the provisions enumerated in a section cannot be subjected to the rules issued thereunder. The Committee recommended that the expression "subject to any rules made in this behalf" in Section 8 of the Act should be suitably modified or omitted. (Paragraphs 163 and 164 Fourth Report-Seventh Assembly 1980-84).
- 12. The Committee observed that there was no specific provisions in the Tamil Nadu Labour Welfare Fund Act, 1972 providing for exemption from the provisions of the rules. The Committee recommended that all notifications granting exemption under the rules also should be laid on the Table of the House and that action be taken to amend Section 40 of the Act suitably. (Paragraphs 121-123-Fifth Report-Seventh Assembly 1980-84).
